Report on the Financial Statements

We have audited the accompanying financial statements of the Monroe County Industrial Development Corporation (the Corporation), as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Monroe County Industrial Development Corporation, as of December 31, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages 3–5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated _____, 2021 on our consideration of the Monroe County Industrial Development Corporation’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Monroe County Industrial Development Corporation’s internal control over financial reporting and compliance.

Management's Discussion and Analysis (MD&A)

December 31, 2020

INTRODUCTION

Our discussion and analysis of the Monroe County Industrial Development Corporation's ("Corporation") financial performance provides an overview of the Corporation's financial activities for the year ended December 31, 2020. It should be read in conjunction with the basic financial statements to enhance understanding of the Corporation's financial performance, which immediately follows this section.

The purpose of the Corporation is to provide financial assistance to small job creating businesses that demonstrate a need for financing which cannot be met entirely from conventional financing sources.

OVERVIEW OF THE FINANCIAL STATEMENTS

The statements of net position and the statements of revenues, expenses, and changes in net position report information about the Corporation as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. Revenue and expenses are recorded when earned and incurred, respectively, regardless of when cash is received or paid.

These two statements report the Corporation's net position and changes in them from one year to the next. The Corporation's net position, the difference between assets and liabilities, is one way to measure the Corporation's financial health, or financial position. Over time, increases or decreases in the Corporation's net position is one indicator of whether its financial health is improving or deteriorating. Consideration should also be given to other factors, such as changes in the Corporation's income and the fluctuation of the Corporation's expenses, to assess the overall health of the Corporation.

NOTES TO THE FINANCIAL STATEMENTS

The financial statements also include the notes to the financial statements, which explain certain information in the financial statements. They are essential to a full understanding of the information provided in the financial statements.

FINANCIAL HIGHLIGHTS

- The Corporation's net position was \$7,510,571 at the end of 2020 as compared to \$6,036,570 at the end of 2019.
- The Corporation's total operating revenues were \$2,581,851 in 2020 as compared to \$503,367, in 2019.
- The Corporation's total expenses were \$1,107,850 in 2020 as compared to \$2,274,247 in 2019.
- The Corporation's change in net position was \$1,474,001 in 2020 as compared to (\$1,770,880) in 2019.

Cash decreased at December 31, 2020 as a result of an increase in loans receivable. Net position increased as a result of the operations of the Corporation; see the analysis on the following page of this MD&A. Loans receivable increased by approximately \$2,200,000 based on the issuance of new loan proceeds in excess of principal payments made on existing loans. Management has reviewed the remaining loans in the portfolio and determined all payments have been made in accordance with established agreements and no collection issues exist at this time.

Cash decreased at December 31, 2019 as a result of total expenses exceeding total revenues. Net position decreased as a result of the operations of the Corporation; see the analysis on the following page of this MD&A. Loans receivable increased by approximately \$17,000 based on the issuance of new loan proceeds in excess of principal payments made on existing loans. Management has reviewed the remaining loans in the portfolio and determined all payments have been made in accordance with established agreements and no collection issues exist at this time.

In 2020, bond fee income increased as a result of an increase in the monetary value of the closed project in the current year. The monetary value of closed projects in 2020 was approximately \$750 million, which is higher than the monetary value of closed projects in 2019 of approximately \$109 million. Program expenses decreased approximately \$346,000 as a result of discontinuing programs: Rockets, Mentor U, Make Monroe Home and Second Chance Monroe, and decreases in BOCES CDL, BOCES SAME, Other Economic Development, Manufacturing Reward, and Monroe on the Job program expenses. These decreases of approximately \$715,000 were offset by increases in the Great Rate, Great Rebate, and Loan Loss expense of approximately \$390,000. **Investment losses increased \$XXXXXX as management has reported an impairment to certain investments.**

In 2019, bond fee income increased as a result of an increase in the monetary value of the closed project in the current year. The monetary value of closed projects in 2019 was approximately \$109 million, which is higher than the monetary value of closed projects in 2018 of approximately \$65 million. Program expenses increased approximately \$173,000 as a result of new programs: Rockets, Economic Gardening, Mentor U, and BOCES CDL, and increases in program expenses for BOCES 2, Second Chance Monroe, Manufacturing Reward, Monroe Manufactures Jobs, and Monroe on the Job. These increases of approximately \$499,000 were offset by decreases in Make Monroe Home and GreatRate program expenses of approximately \$338,000. Investment losses increased \$560,615 as management has reported an impairment to certain investments

FUTURE FACTORS

The impact of COVID-19 will most likely effect the future measurement of some assets of the organization, specifically the collectability of the loans relating to the emergency loan program. The impact is uncertain and will be closely monitored by management.

MONROE COUNTY INDUSTRIAL DEVELOPMENT CORPORATION

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

I. Summary of Significant Accounting Policies:

The financial statements of the Monroe County Industrial Development Corporation (the Corporation) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Organization

The Monroe County Industrial Development Corporation, New York (the Corporation) is a not-for-profit corporation organized under the laws of the state of New York in 1962. In December 2009, the County of Monroe (the County) authorized the Corporation to issue tax exempt and/or taxable bonds and/or notes on behalf of certain not-for-profit organizations. As a result, the bylaws of the Corporation were amended to provide for control over board appointments by the Monroe County Executive.

The purpose of the Corporation is to provide financial assistance to small job creating businesses that demonstrate a need for financing which cannot be met entirely from conventional financing sources. In addition, the Corporation acts as a Certified Development Corporation for the Small Business Administration (SBA) 504 Program.

A revolving loan fund was established in 1984 through an initial contribution of \$350,000 from the County of Monroe Industrial Development Agency (COMIDA).

B. Basis of Presentation

GASB requires the reporting of net position into three classifications defined as follows:

1. Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds. At December 31, 2020 and 2019, the Corporation has no net investment in capital assets.
2. Restricted net position- This component of net position consists of amounts which have external constraints placed on their use imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. At December 31, 2020 and 2019, the Corporation does not have restricted net position.

(I.) (Continued)

3. Unrestricted net position – This component of net position consists of net position that does not meet the definition of “net investment in capital assets” or “restricted”

When both restricted and unrestricted resources are available for use, it is the Corporation’s policy to use restricted resources first, and then unrestricted resources as needed.

C. Cash and Cash Equivalents

Cash and cash equivalents includes demand deposits, money market, and certificates of deposit and are carried at cost plus accrued interest, which approximates fair value. For purposes of presenting the statement of cash flows, The Corporation considers all highly liquid short-term investments with maturities of twelve months or less from the date of purchase to be cash or cash equivalents. Interest and dividend income from cash and cash equivalents is reported in operating revenue in the Statement of Revenues, Expenses and Changes in Net Position.

D. Income Taxes

The Corporation is exempt from income taxes under Section 501(c)(6) of the Internal Revenue Code. Under Accounting Standards Codification (ASC) Section 740, the tax status of tax-exempt entities is an uncertain tax position since events could potentially occur that jeopardize tax-exempt status. Management is not aware of any events that could jeopardize the Corporation’s tax-exempt status. Therefore, no liability or provision for income tax has been reflected in the financial statements. The Corporation has requested a determination letter from the IRS.

E. Loans Receivable

Loans receivable are carried at unpaid principal balances. Past due status is determined based on contractual terms. Loans are considered impaired if full principal or interest payments are not anticipated in accordance with the contractual terms. The Corporation reviews outstanding loans receivable for uncollectibility and records an allowance for uncollectible accounts based on that review. When all collection efforts have been exhausted, the account is written-off as uncollectible. At December 31, 2020 loan balances are reported net of the amounts deemed by management to be potentially uncollectible. At December 31, 2019 management considered all amounts fully collectible and, accordingly, no allowance has been established.

F. Revenue Recognition

Fees are assessed on a monthly basis for those loans processed by the Corporation and granted through the SBA. These fees are for processing and maintenance of the loans and are based on 0.5% of the outstanding principal balance.

G. Contributions

Contributions are recognized when unconditional promises to give are received by the Corporation. Contributions represent amounts provided by unrelated third parties to support the activities of the Corporation.

(I.) (Continued)

H. Investments

1. LaserMax, Inc.

The Corporation owns 333 shares of common stock of Laser Max, Inc. The investment is stated at cost in the amount of \$49,950 and the market value is not readily available.

2. Limited Partnership Interests

The Corporation has investments in limited partnership interests of Trillium Lakefront Partners, III, LP, The Monroe Fund LLC. These investments are valued at cost in the statement of net position. The market value of these assets is not readily available. Distributions from the investment in limited partnership interest are treated as a reduction to the cost basis of the respective limited partnership interests. As described in Note V, the University Technology Seed fund dissolved in 2018.

I. Prepaid Items

Prepaid items represent payments made by the Corporation for which benefits extend beyond year end. These payments reflect costs applicable to future accounting periods and are recorded as assets on the statement of net position. A current asset for the prepaid amounts is recorded at the time of disbursement and an expense is reported in the year the goods or services are consumed. The Corporation has an agreement to fund a portion of the Monroe County Finger Lakes Procurement Technical Assistance Center's (PTAC) operating expense. The Corporation paid \$91,260 to PTAC, which covers PTAC's fiscal year from September 1, 2020 to August 31, 2021. Of the amount paid to PTAC in 2020, \$68,369 is related to the 2021 portion of PTAC's funding arrangement and is a prepaid expense for the Corporation.

J. Reward Programs

The Corporation provides various incentive programs to local businesses and individuals to support local economic development initiatives. The summary of the programs in place are as follows:

1. The Monroe Manufactures Jobs LoansPlus program lends manufacturing companies 10% of the purchase price of new manufacturing equipment, up to \$100,000, at 1% interest.
2. The Monroe Manufactures Jobs program connects graduates of the Monroe Community College Applied Technology Center with local manufacturing companies by providing both the employee and employer a \$1,500 bonus if the employee works for the company for one full year.
3. The Monroe Manufacturing Rewards program provides manufacturing businesses with a rebate of \$2,000 on qualified equipment purchases from \$25,000 to \$49,999.
4. The Monroe On-the-Job program provides matching funds for skilled trades training that leads to industry recognized certifications for employees.

(I.) (Continued)

5. The GreatRebate program is a two year program for companies who buy \$50,000 or more of equipment. The Corporation will give a rebate of \$5,000 to companies who buy equipment locally or a rebate of \$4,000 to companies who buy equipment outside the local area.
6. The GreatRate program is a three to five year program that subsidizes interest rates by 4% for bank loans or capital leases for job creating companies purchasing equipment locally or 3% for bank loans or capital leases for job creating companies not purchasing locally.
7. The Helmets to Hardhats program offers veterans enrolled in the Rochester Building and Trades Council (RBTC) an award for completion of a training program. Qualified veterans completing a minimum of three years in the RBTC training program will be awarded \$1,500 while those qualified veterans who have already received a certification through RBTC and are currently employed in that field of certification will be awarded \$500.
8. The MM rewards small business incurred \$1,000 in expenditures.

Expenses are recognized in the accompanying financial statements when an eligible program disbursement is provided by the participating company under these programs.

K. Bond Fee Income

The Corporation is authorized by the County to issue Tax-Exempt Civic Facility Bonds on behalf of certain not-for-profit organizations. Associated with each issuance are application fees, administrative fees and/or counsel fees incurred by those organizations, which are recognized in the statement of activities as bond fee income.

L. Industrial Development Bonds

The Corporation issues tax-exempt bonds and special issue bonds to provide financial assistance on behalf of certain not-for-profit organizations for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers back to the not-for-profit organization served by the bond issuance. The Corporation is not obligated in any manner for repayment of the bonds at any time. Accordingly, related property is not reported as assets, and the bonds are not reported as liabilities in the accompanying financial statements. At December 31, 2020, there were 41 tax-exempt bonds outstanding with an aggregate amount payable of approximately \$2,343,323,487. At December 31, 2019 there were 40 tax-exempt bonds outstanding with an aggregate amount payable of approximately \$1,846,300,026.

M. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(I.) (Continued)

N. New Accounting Standards

The Corporation has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At December 31, 2020, the Corporation implemented the following new standards issued by GASB:

GASB Statement 92 *Omnibus 2020 Paragraphs 4, 5, 11, 13.*

GASB Statement 95 *Postponement of Effective Dates of Certain Authoritative Guidance.*

O. Future Changes in Accounting Standards

GASB has issued Statement 87 *Leases*, which will be effective for reporting periods beginning after June 15, 2021.

GASB has issued Statement 89 *Accounting for Interest Cost Incurred before the End of a Construction Period*, which will be effective for reporting periods beginning December 15, 2020.

GASB has issued Statement 91 *Conduct Debt Obligations*, which will be effective for reporting periods beginning after December 15, 2021.

GASB has issued Statement 92 *Omnibus 2020 Paragraphs 6, 7, 8, 9, 10, 12*, which will be effective for reporting periods beginning after June 15, 2021.

GASB has issued Statement 93 *Replacement of Interbank Offered Rates Paragraphs 1-11a, and 12*, which will be effective for reporting periods beginning after June 15, 2020.

GASB has issued Statement 93 *Replacement of Interbank Offered Rates Paragraphs 13 and 14*, which will be effective for reporting periods beginning after June 15, 2021.

GASB has issued Statement 93 *Replacement of Interbank Offered Rates Paragraph 11b*, which will be effective for reporting periods beginning after December 15, 2021.

The Corporation is currently studying these statements and plans on adoption as required.

II. Deposits with Financial Institutions and Investments:

A. Policies

The Corporation follows an investment and deposit policy, the overall objective of which is to adequately safeguard the funds of the Corporation and funds under the control of the Corporation; to provide sufficient liquidity of invested funds in order to meet obligations as they become due; and to earn the maximum yield possible given the objectives previously listed. Oversight of investment activity is the responsibility of the Executive Director. The Corporation's monies must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies as designated by the Board of Directors. Permissible investments include: a) obligations of the United States or of federal agencies whose principal and interest payments are fully guaranteed by the federal or state government, b) obligations of New York State or in general obligations of the state's political subdivisions, c) certificates of deposit or deposits with banks with an investment grade rating by a Rating Agency, d) commercial paper rates Prime-1 and/or A-1, e) money market funds with AAA ratings, and f) investments in Laser Max, Inc. and various other investments in entities.

B. Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The Corporation's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

C. Credit Risk

The Corporation's policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations.

D. Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits.

At December 31, 2020 and 2019, the Corporation's cash was covered by FDIC insurance, or by eligible securities held in the Corporation's name by a third-party custodial bank or by the bank's trust department. The Corporation's deposits (including petty cash) consisted of the following at December 31:

	2020	
	<u>Bank Balance</u>	<u>Carrying Amount</u>
Demand deposits	\$ 3,807,044	\$ 3,804,298

III. Loan Receivables

The Corporation administers a revolving loan fund established in 1984 through an initial contribution of \$350,000 from COMIDA. On April 14, 2020 the Corporation signed an agreement with COMIDA to implement and administer an \$1,000,000 Emergency Small Business Assistance loan program. During the award phase, the program provided loans of up to \$10,000 to businesses located in Monroe County. The loans bear no interest and are payable in 24 equal installments after the initial deferment period. Under the terms of the agreement, the COMIDA paid the Corporation \$500,000 to administer the program through December 31, 2022. On May 12, 2020, the Board of the Corporation approved accepting an additional \$500,000 from COMIDA and increasing the total base for the loan program to \$2,000,000. On November 21, 2020 the Board of the Corporation extended the initial period of deferment until July 1, 2021, extending the program through July 1, 2023. As of December 31, the Corporation has 188 emergency loans outstanding, totaling \$1,840,785.

The following is a summary of the Corporation's balance of outstanding loans receivable at December 31:

IV. **Related Parties**

The Corporation has a contract with the County of Monroe Industrial Development Agency (COMIDA), which states the Corporation will reimburse COMIDA for the cost of certain professional services up to \$100,000. This contract is effective January 1, 2020 and runs through December 31, 2020. The Corporation had a previous contract with COMIDA, which stated the Corporation will reimburse COMIDA for the cost of certain professional services up to \$100,000 annually. This contract ran through March 31, 2019. The Corporation had a previous contract with COMIDA, which stated the Corporation will reimburse COMIDA for the cost of certain professional services up to \$100,000. This contract was effective April 1, 2019 and ran through December 31, 2019. For the years ended December 31, 2020 and 2019, the Corporation spent approximately \$38,000 and \$123,400, respectively, with COMIDA. Of the amount expended in 2020, approximately \$27,000 is considered payable as of year end. Of the amount expended in 2019, approximately \$51,000 was considered payable as of year end.

The Corporation is related to the County through the appointment of board members to the Corporation. The Monroe County Department of Planning and Development has executed contracts with the Corporation to provide administrative services. The 2020 and 2019 contracts required a payment of \$90,000 for general administrative and overhead fees to the County. In 2020 and 2019, the Corporation paid the County \$90,000 annually, based on an annual administrative agreement between the entities.

V. **Investments in Limited Partnership Interests**

Total	<u><u>\$ 574,829</u></u>

At December 31, 2020, several companies have been approved for the Manufacturing Rewards, Monroe On the Job, GreatRebate, and GreatRate programs, but have not submitted final documentation for payment. Therefore, the Corporation has conditional payments of \$113,206 outstanding until such time as all program requirements have been satisfied.

VII. Litigation

Management is not aware of any pending or threatened litigation as of the date of the balance sheet date.

VIII. COVID-19

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Corporation’s financial condition, liquidity, budgetary projections and future results of operation. Management is actively monitoring the global situation on its financial condition, liquidity, budgetary projections, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Corporation is not able to estimate the effects of the COVID-19 outbreak on its budgetary projections, results of operations, financial condition, or liquidity for year 2021.

REVISSED DRAFT

**Report on Internal Control Over Financial Reporting
And on Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance
With *Government Auditing Standards***

Independent Auditors' Report

To the Board of Directors
Monroe County Industrial Development Corporation
Rochester, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Monroe County Industrial Development Corporation (Corporation) as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Monroe County Industrial Development Corporation's basic financial statements, and have issued our report thereon dated _____, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Monroe County Industrial Development Corporation's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Monroe County Industrial Development Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Monroe County Industrial Development Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Monroe County Industrial Development Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report

To the Board Members
Monroe County Industrial Development Corporation
Rochester, New York

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Monroe County Industrial Development Corporation, which comprise the statement of net position as of December 31, 2020 and 2019, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements and have issued our report thereon dated _____, 2021.

In connection with our audit, nothing came to our attention that caused us to believe that the Corporation failed to comply with its own investment guidelines, the New York State Comptroller's Investment Guidelines, or Section 2925 of the New York State Public Authorities Law (collectively, Investment Guidelines), which is the responsibility of the Corporation's management, in so far as they relate to the financial accounting knowledge of noncompliance with such Investment Guidelines.

This report is intended solely for the information and use of the Board of Directors and management of the Corporation and the New York State Authorities Budget Office, and is not intended to be and should not be used by anyone other than these specified parties.
